

HB 86 - Treatment in Lieu of Conviction

The newly enacted HB 86 effective September 30, 2011, expands eligibility for treatment in lieu of conviction (ORC 2951.041) to include "offender whose mental illness or intellectual disability contributed to their offense".

If an MHDD offender is eligible for Treatment in Lieu of Conviction they will be supervised by the MHDD Unit of the Probation Department. These defendants are held to the laws and local rules governing their type of case and are also ordered to maintain all mental health compliance
